YUBAO 3D Blue Light LED Scanner

Intelligent / HD / High-Speed

Selling point

High quality data output

Industrial-grade blue light strength against interference.Excellent noise reduction capability

Using LED cold light source

Light source life up to 30,000 hours

Integrated design of automatic turntable

One click to get the workpiece surface data, about 60s/piece, fast and efficient

Data can be exported in various formats

Can exported in CAD/CAM and other 3D software, good compatibility

Easy to carry

All-in-one design hardware system
Small size, easy to disassemble and install

Quality Assurance

6.3 million ultra-high pixel imported high-speed industrial camera industrial lens, hardware stability

Case

Parameters

Product Size	330*317*456mm	Scan Range	100*80*80/80*60*60mm
Product Weight	15KG	Scan Mode	Non-contact automatic scanning
Camera	2*6.3MP	Interface	2*USB3.0
Projection	Customized	Enclosed	Doorless type
Power	AC100-220V.50HZ	Scan Accuracy	Less than 10 microns
Operating Temperature	0-45℃	Scan Speed	Single frame 0.6s
Output Format	STL	Compatible Design Software	3Shape,EXO,Zbrush,jewelcad
