Ultra-fast continuous printing DLP-3D printer

Fast printing speed,
High precision and Smooth surface

Change starts with a high precision
casting wax DLP 3D Printer

High Precision Casting Wax DLP 3D
Printer W100UR/W150UR

01

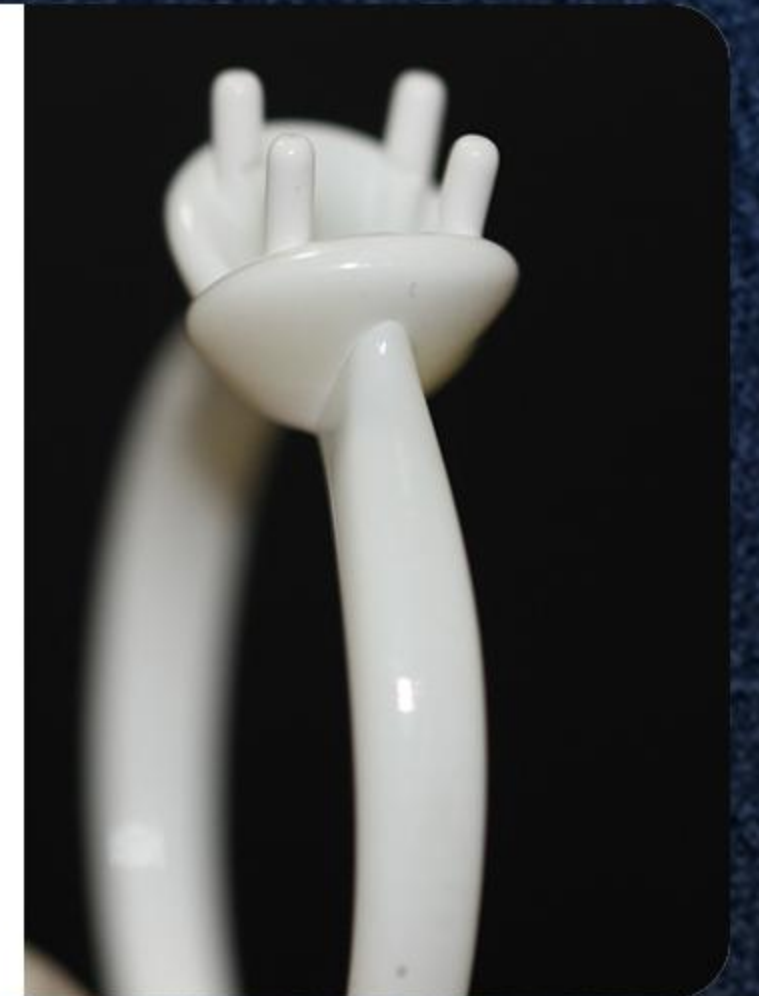

High printing stability

With ultra high stability and continuous working ability, it has been unanimously recognized by customers

02

High surface smoothness

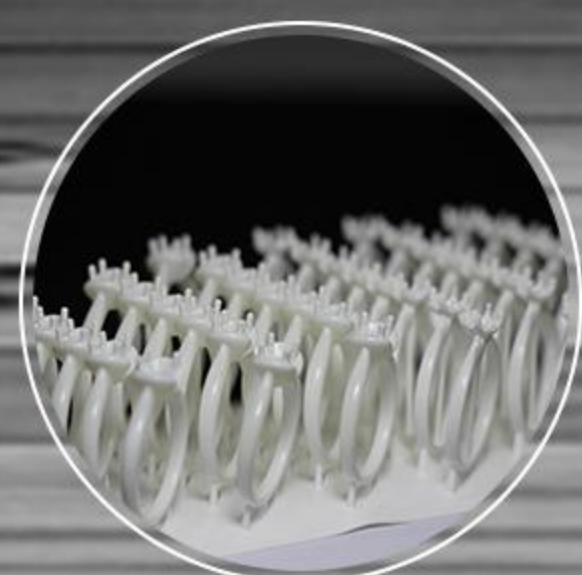

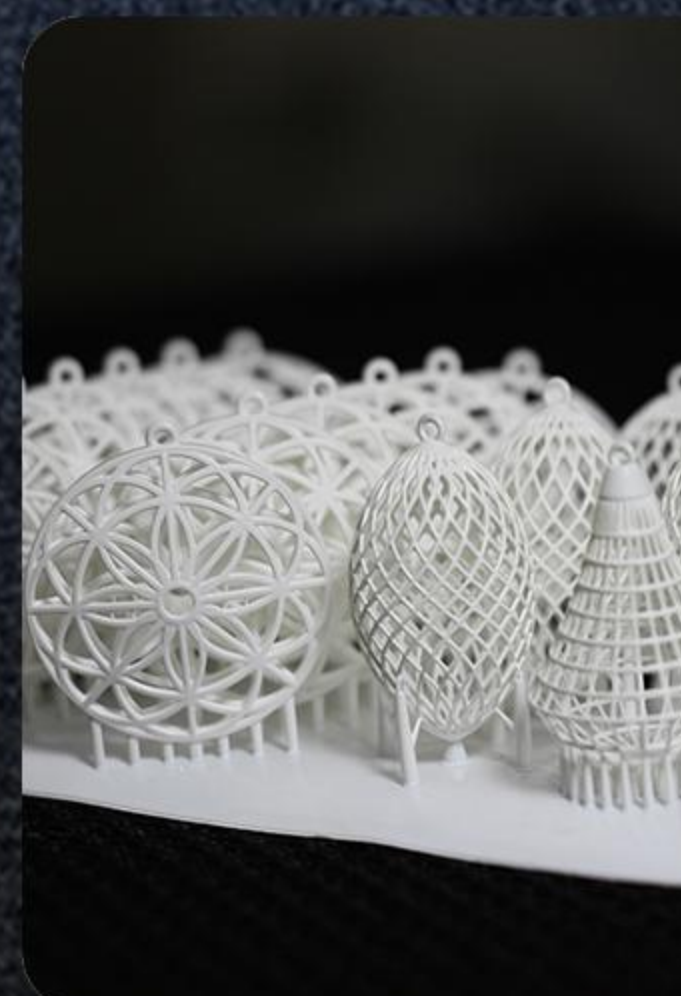

Adopt high oxygen permeability release film and special release process to make the release lighter and smoother

03

High printing resolution

Using professional ultra-high resolution projection optical engine, the resolution is 1080p (1920*1080) 4K (3840*2160)

YUBAO HOLDINGS (HK) LIMITED

HK office address:
Unit 206B 8, 2/F, Tower 1, Harbour Centre, No.1 Hok Cheung Street, Hung Hom, Kowloon, Hong Kong

Product Introduction

- Printing speed is increased several times, the accuracy is higher, the surface is smoother, and it has ultra-high stability and continuous working ability.
- It features a professional-grade ultra-high resolution projection optical engine with resolutions of 1080p (1920×1080) and 4K (3840×2160).
- The use of high oxygen permeability release film and special release process makes the release lighter and smoother, the success rate is higher, and the maintenance is simpler. Digital masking technology is used to ensure the uniformity of light for each optical engine.
- The boundary gradient optimization algorithm is used to eliminate pixel grain in the XY direction and step grain in the Z direction. The use of oxygen permeable release film and special release process makes the release type lighter and smoother.
- W100UR high precision casting wax DLP 3d printer can print multiple or large size models and print approximately 35-45 rings per hour. W150UR high precision casting wax DLP 3d printer can print multiple or large size models and can print about 50 rings per hour.

Parameters

Brand	YUBAO	Model	W100UR
Maximum build size	96x54x100mm	X/Y resolution	50μm
Z-axis resolution	25-50μm adjustable	Dimensions	420x360x880mm
Weight	57 kg	Format	.stl .slc
T&H requirements	20 ~ 26 °C, less than 40% no condensation	Software	Totus Studio
Light source	LED UV	Operating system	64-bit Windows 7 and above
Power supply	100~120VAC7A/50/60HZ		200~240VAC3A/50/60HZ
X/Y resolution (μm)	50		50
Layer thickness(μm)	10		25
Printing height (μm) per hour	15-22		22-30

Brand	YUBAO	Model	W150UR
Maximum build size	115.2x64.8x200mm	X/Y resolution	30μm
Z-axis resolution	25-50μm adjustable	Dimensions	620x600x1430mm
Weight	175kg	Format	.stl .slc
T&H requirements	20 ~ 26 °C, less than 40% no condensation	Software	Totus Studio
Light source	LED UV	Operating system	64-bit Windows 7 and above
Power supply	100~120VAC7A/50/60HZ		200~240VAC3A/50/60HZ
X/Y resolution (μm)	30		30
Layer thickness(μm)	10		25
Printing height (μm) per hour	15-22		22-30
