# 珠寶3D打印機

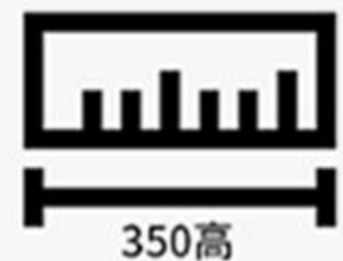

## 超高分辨率大尺寸

**14K**

10英寸14K  
超清黑白屏

10 inches 14K  
Ultra clear black and white screen

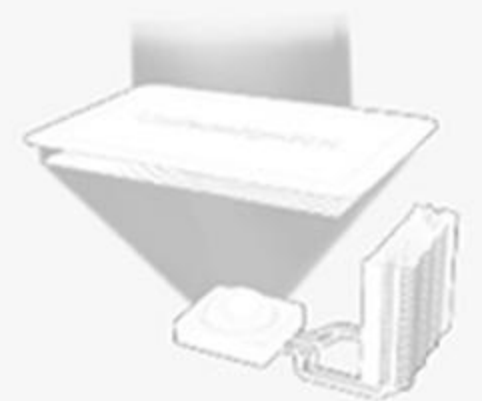

350高  
更大打印尺寸  
Larger printing size

平衡溫控技術  
空調製冷/加熱模块

Balanced temperature control technology  
Air conditioning cooling/heating module

全新COB准直光源  
New COB collimating light source

精密滾珠絲杆  
Precision guide screw

5寸大屏觸摸屏  
5-inch large touch screen

1500ml自動加料  
1500ml automatic feeding

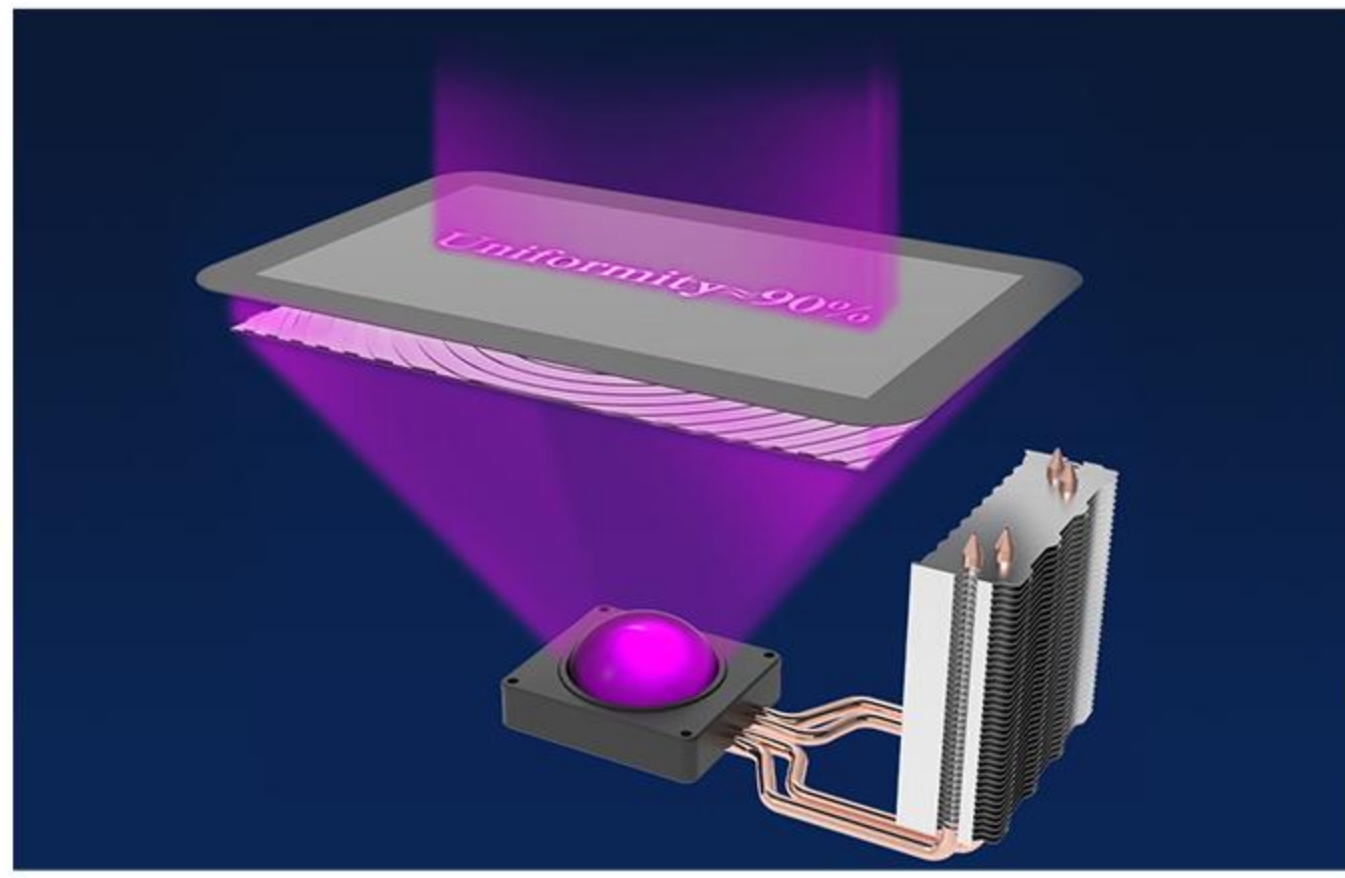

無線文件傳輸  
Wireless file transfer

## 14K超清分辨率

### 14 Ultra High Resolution

無論是毛髮、頭飾，還是盔甲造型  
皮膚紋理都栩栩如生，高度還原設計  
no matter the hair, the headwear, or the armor  
shape skin texture is lifelike, highly reproducible design

## COB+菲涅爾准直光源

### COB+Fresnel collimated light source

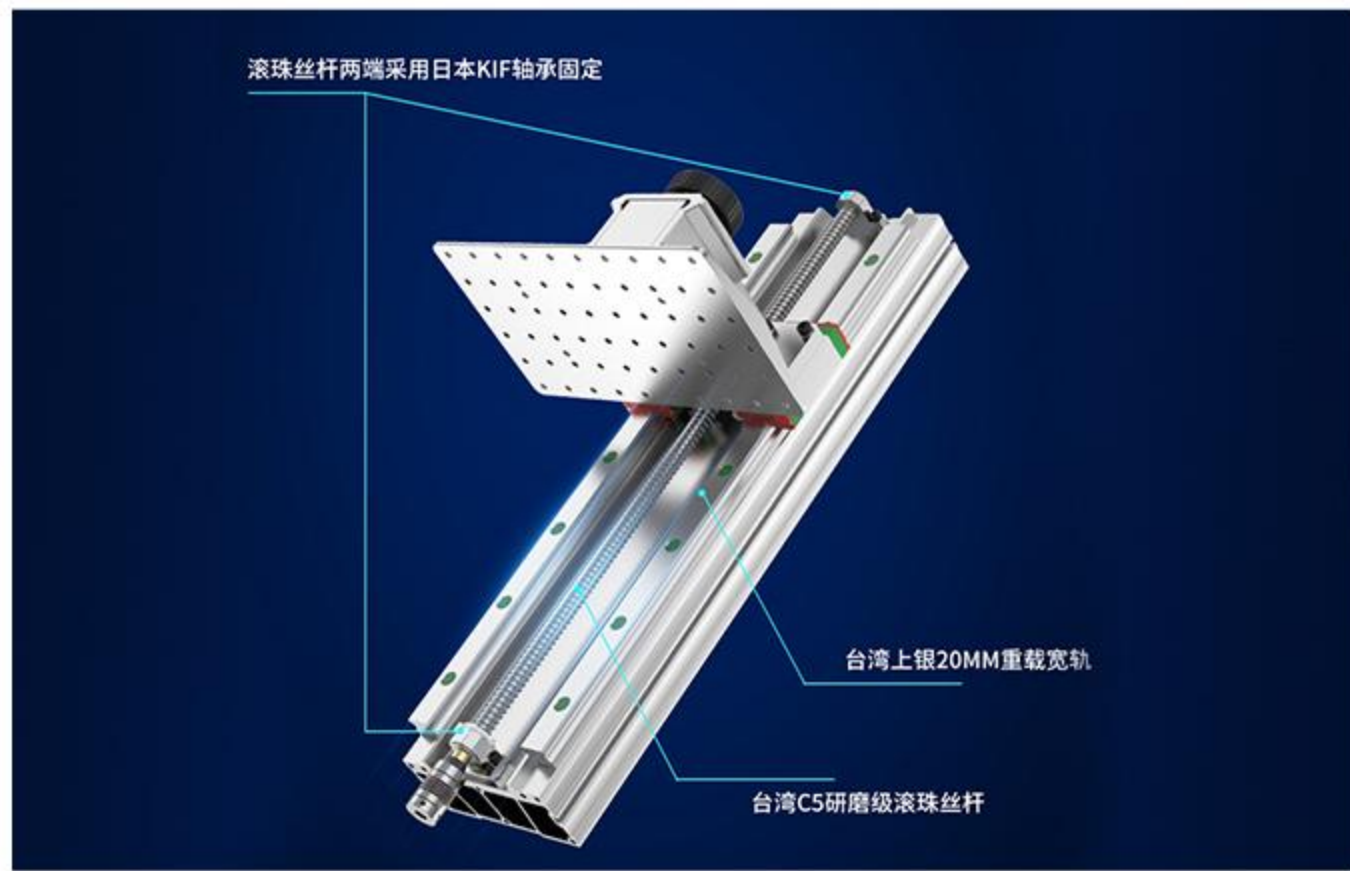

180W大功率COB准直光源，均勻度可達90%  
更高的均勻度，更短的曝光時間  
180W high-power COB collimated light source, uniformity  
up to 90%, higher uniformity and shorter exposure time

## 更大的打印尺寸

### Larger print size

223.78x126.98x350mm<sup>3</sup>的成型尺寸  
更大的列印空間賦予您更任性的創作可能  
223.78x126.98x350mm molding size larger  
print space gives you more creative possibilities

## 高品質絲杆導軌

### High-quality screw guideway

更細膩的模型表面和靜音工作  
可滿足全年24H不停歇使用而不降低精度  
More delicate model surface and silent work can meet the  
year-round 24H non-stop use without losing precision.

## 1500ml自動供料

### 1500ml automatic feeding

支持最大補料1500ml  
是同級別機型1-2倍，打印再無後顧之憂  
Support the maximum replenishment of 1500ml,  
which is 1-2 times more than the same level of models

## 平衡溫控加熱模組

### Balanced temperature control heating module

使打印腔保持最佳列印溫度區間，提高樹脂  
活性，降低樹脂粘度，大幅度提升列印成功率  
Keeps the printing chamber in the best temperature  
range, improves resin activity, reduces resin viscosity,  
and dramatically improves the printing success rate

**型號:** Model

YB220-14K

**打印尺寸:** Print Size

223.78x126.98x350mm

**X/Y像素精度:** X/Y Axis Precision

16.8x24.8μm

**打印速度:** Printing Speed

10-30mm/H

**文檔格式:** File Format

STL/OBJ/SLC

**LED功率:** LED Power

180W

**電氣參數:** Power Supply

AC100-240V 500W

**機器重量:** Weight

約24kg

**機器尺寸:** Device Size

390x306x645mm

**連接方式:** Connectivity

USB/WIFI/Ethernet

**成型技術:** Formation Technology

光固化面成型(LCD MSLA)

**系統支持:** System Support

Windows7以上64位系統

**觸控屏:** Touch Screen

5寸電容式觸控屏

**切片厚度:** Printing Layer Thickness

0.01-0.15mm

**溫控:** Temperature Control

樹脂槽平衡加熱/製冷降溫技術
